

Course Exercise - Reference Files

Professional English Writing

Duration: 3 weeks - Instructor: Emily Carter

Your exercise for this week

1. Write a 150-word opening scene with a clear hook.
2. Describe one character using actions instead of adjectives.
3. Rewrite a long sentence of yours into two sharper ones.
4. Read your text aloud and mark where the rhythm breaks.
5. Bring your edited draft to the next feedback circle.

Complete the steps in order - each one builds on the previous. Bring your questions to the next session.
